

INVASIVE SPECIES BIOCONTROL IN
LONDON, ONTARIO'S
ENVIRONMENTALLY SIGNIFICANT AREAS

PRESENTATION TO:
ONTARIO INVASIVE PLANT COUNCIL AGM
JANUARY 15-16, 2020, LONDON, ON
PRESENTATION BY: ONTARIO BEETLES

TRADITIONALLY.....

CLASSICAL BIOCONTROL

THE USE OF HOST SPECIFIC
SPECIALISTS TO SUPPRESS OR
CONTROL POPULATIONS

TODAY.....

CLASSICAL BIOCONTROL...

FOR THE PROTECTION
OF NATURAL ECOSYSTEMS

Review

Classical biological control for the protection of natural ecosystems[☆]

City of London Leaders in Early Detection Rapid Response

2017 London Invasive Plant
Management Strategy.

London is the first city in Ontario
to adopt a municipal invasive
plant management strategy

Neogalerucella spp.

Host-specific Herbivores

MATING ADULTS LAYING EGGS

Cambridge, ON, July 2013

Larval Life Stage -Windowing

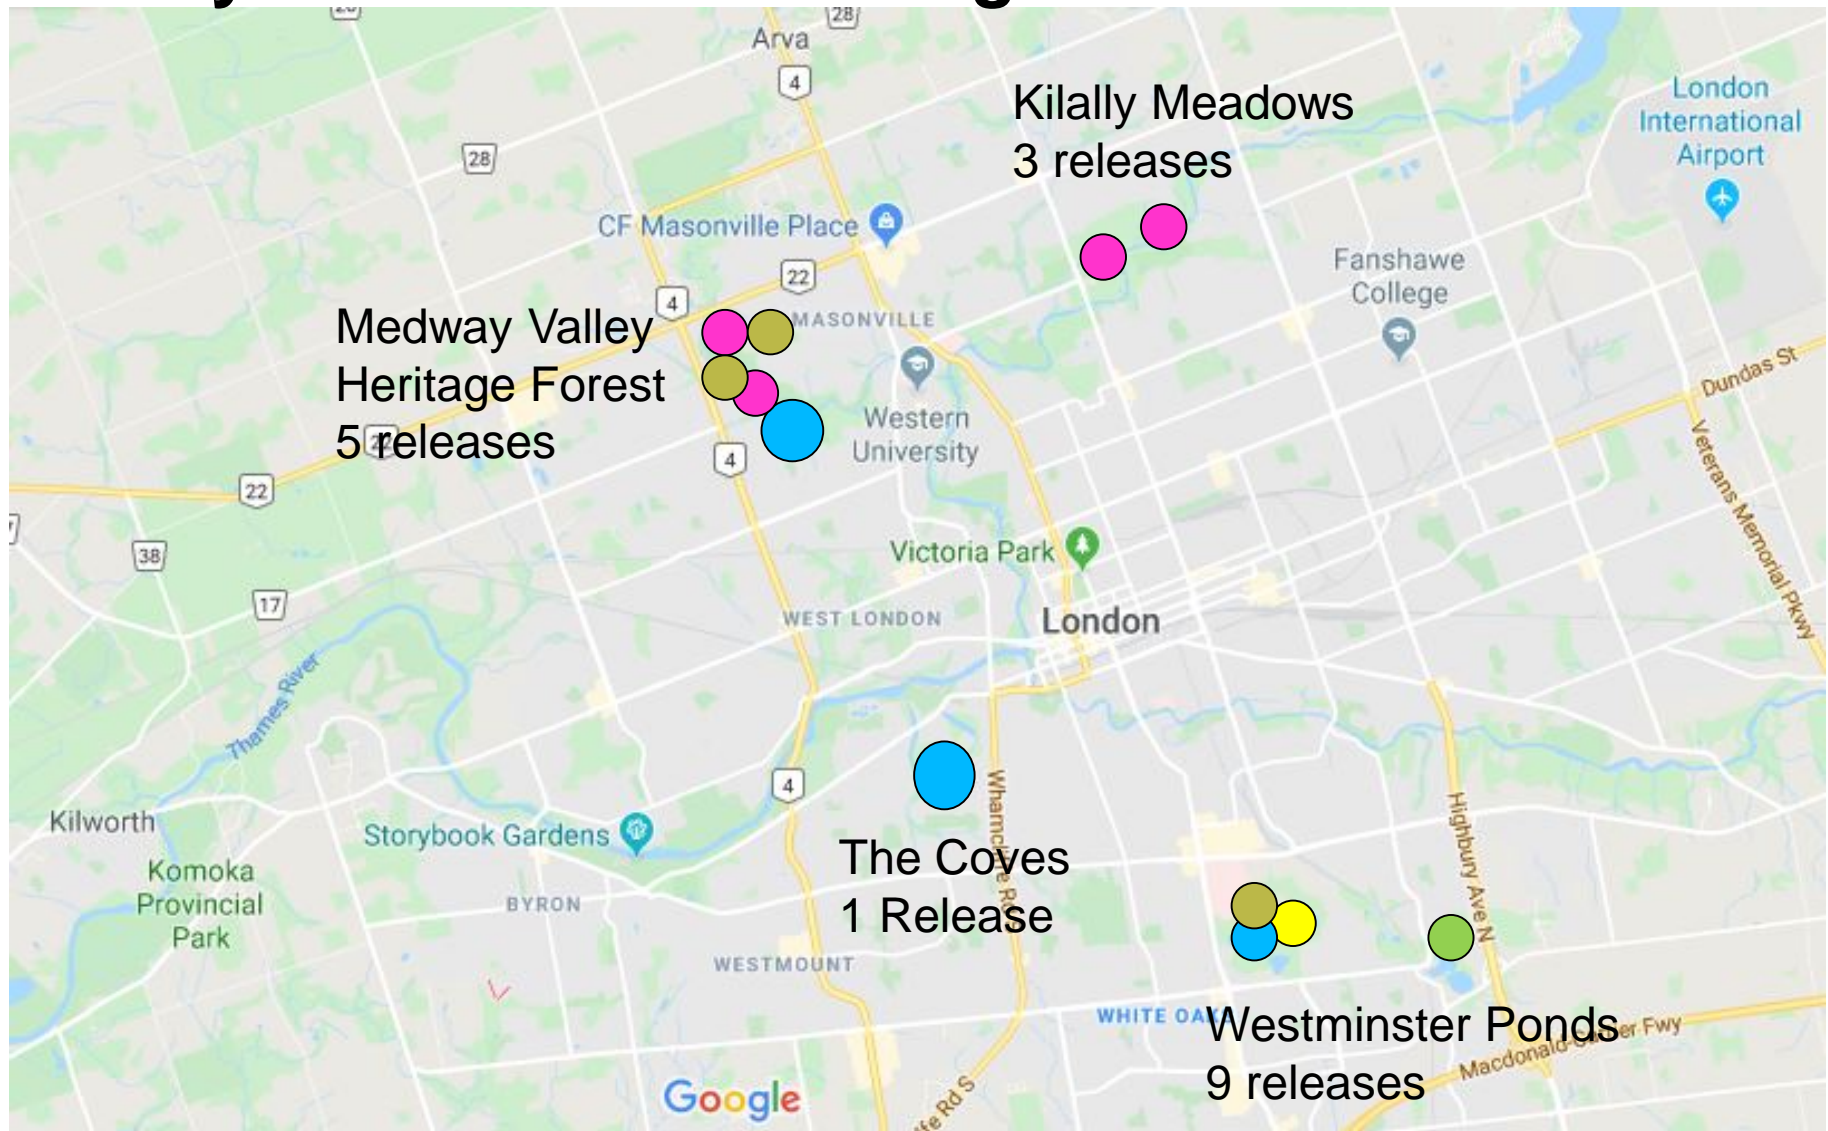

Cambridge, ON, July 2013

PROCESS...

- Began in **2015** - In accord with **EDRR**
- review historical information – status of loosestrife and biocontrol agents at 2 **historic** sites
- establish the **scope** of the project – identify plants and populations as they are found- ongoing
- release** of *Neogalerucella* (educational, community involvement)
- confirm **establishment** of biocontrol agents at new release sites
- continue to **monitor** and report on newly discovered plants and populations
- reintroduce** biocontrol agents as needed

City of London ESA *Neogalerucella* Releases

90,000 LARVAE, 4 ESAs, 18 locations

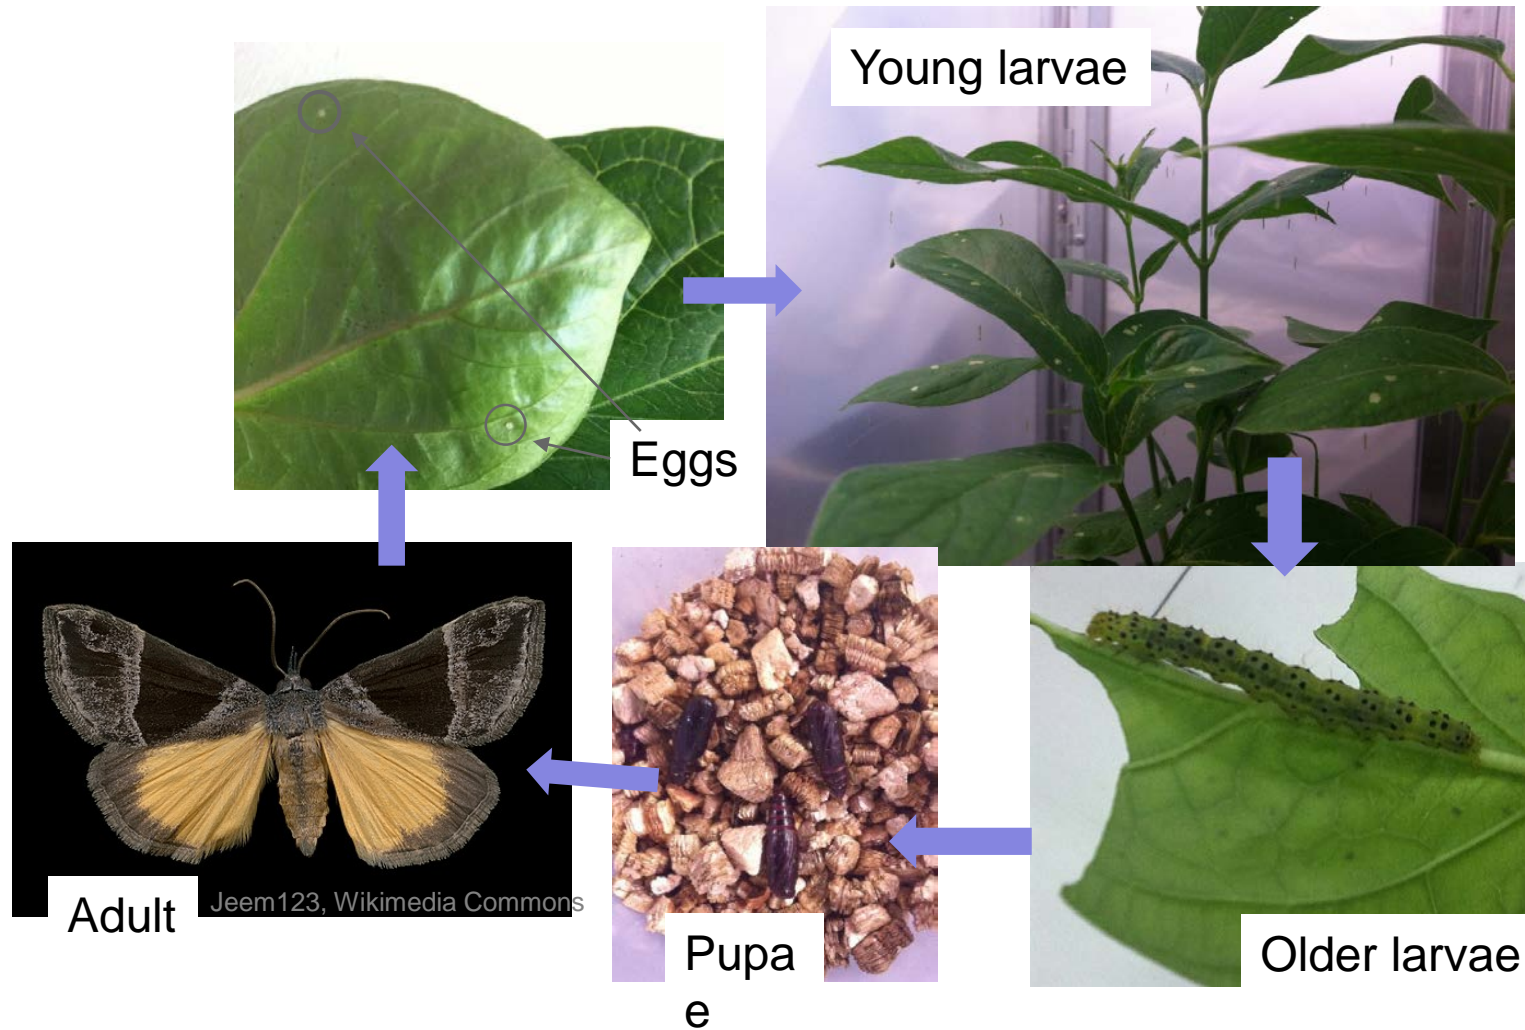

Project Features: Loosestrife growing away from flowing water – population isolation – low connectivity – goal “conservation corridors”

RELEASE SUMMARY

RELEASE YEAR	ESA	Release Site Name	Release Partner(s)	Biocontrol Agents Established?
2000	Westminster Ponds (Tumbleson Pond)	Tumbleson Pond 1	Western Ontario Fish and Game Protective Association As above	Yes
	Westminster Ponds (Tumbleson Pond)	Tumbleson Pond 2		
2015	Westminster Ponds (Worthington Access)	Worthington Access 1	UTRCA UTRCA	
	Westminster Ponds (Worthington Access)	Worthington Access 2		
2017	Medway Valley Heritage Forest	Medway 1 – Access 18	City of London	
	The Coves	Coves 1		
	Westminster Ponds	Saunders Pond Info Centre		
	Westminster Ponds	Saunders Pond Point		
	Westminster Ponds	East Westminster Ponds 1		
	Westminster Ponds	East Westminster Ponds 1		
2018	Kilally Meadows	Lowland Meadow	City of London	No
	Kilally Meadows	Meander Creek Mouth		Yes
	Kilally Meadows	Meander Creek Riparian		
	Medway Valley Heritage Forest	Medway North		
	Medway Valley Heritage Forest	Medway South		
2019	Medway Valley Heritage Forest	Medway Central 1	City of London	TBD in 2020
	Medway Valley Heritage Forest	Medway Central 2		
	Westminster Ponds	Saunders Pond Point 2

AGRICULTURE AND AGRI-FOOD CANADA.....

Stages of Weed Biocontrol Programme

- 10
yr
↓
1. Species interactions in Canada
 2. Overseas exploration – Country of origin
 3. Biology/host range studies
 4. Petition for agent release
 5. Rearing /field release
 6. Establishment & impact assessment
 7. Redistribution & long-term assessment

Hypena took 7 years - 2006 to 2013
